JOIN OUR TEAM AND BECOME A

# NX Implementation Consultant

## What we offer you

- Exciting projects in the world of aviation in which you take on responsibility right from the start & jointly drive them with us
- A supportive work environment, where your ideas are valued and your talents are nurtured
- A competitive salary and other additional support like a gym fee for your physical wellbeing
- Flexible working hours and home office options to take care of yourself, your interests and family
- A highly motivated team and the opportunity to actively shape a young company
- The support you need to succeed and the freedom to make mistakes and to learn from them

## Your tasks

- You provide support and troubleshooting services for NX users and key users
- You analyse our customer's specific requirements and workflows
- Together with our clients you develop customised NX Configurations, processes and methodologies
- You develop customized NX configurations, processes and methodology
- You provide technical guidance: You are the expert and consultant for all technical and methodological aspects around Siemens NX & Teamcenter
- You stay up-to-date with the latest industry trends and advancements in NX technology

## What you bring to the job

- You are as passionate about technology that helps to ease our customer's lives as we are
- You are able to work independently and in a team environment
- You have advanced skills and experience in administrating and configuring/customizing Siemens NX
- It's a plus if you have administrative knowledge of Teamcenter Rich Client and/or AWC
- It's a plus if you have a M.Sc./B.Sc./Dipl.-Ing. in mechanical engineering or a similar degree

## That's us

At **Freiberger.Aero** we manage exciting international aviation projects with design services and CAD / PLM consulting. We offer comprehensive knowledge and services to our clients throughout the entire development process. As a recognised Siemens Software & Technology Partner, we deliver expert knowledge and solutions for Siemens NX and Teamcenter.

## Feel like joining us?

So, don't wait, take the next step, submit your application via our form today, including your purposeful cover letter and CV, and your earliest possible starting date.

You are interested in the job but do not fulfil all of the requirements? We believe in the power of on-the-job training. So even if you don't meet all of the requirements, we still encourage you to apply. Let's see if we're a good fit, and go from there.
